

June 2018

Dear Friend of Manhasset Schools,

We are contacting you on behalf of the Tower Foundation of Manhasset (“Tower”), a 501(c) non-profit organization established over 25 years to enrich the educational experience of students in the Manhasset public school system. Our goal is to raise funds from the private sector, including individuals, families and businesses to distribute as grants towards specific initiatives. For each year the initiative changes to meet needs of the school that otherwise would be limited by the constraints of the traditional school budget process. In the past, we have funded vital projects including the Interactive White Board Initiative, the Modernization of the High School Media Center, the Wi-Fi Initiative, Digitalizing the English Classroom Experience, the Sixth Grade Chromebook Initiative, Zspace Virtual Learning Environments and the Foreign Language Learning Center.

This year, the Tower Foundation is hosting the second annual Manhasset Fall Festival on Saturday, October 6th from 10am – 5pm at Strathmore Vanderbilt Country Club. The fall festival is an outdoor occasion with fun filled activities for the whole family including bounce houses, hay rides, a hay maze, sack races, pumpkin painting, fall crafts, country music and more. The intent is to both raise funds for the initiatives but also to continue a wonderful, new fall tradition for the local community.

This year, the Tower Foundation is working with the school district to support multiple technology-related initiatives already underway including the Future Ready Classroom, the Project Lead the Way science curriculum and much-needed safety and security enhancements. To learn more, visit our website at www.manhassetfallfestival.com

To sponsor the Manhasset Fall Festival, please complete the enclosed forms or visit our website at www.manhassetfallfestival.com/sponsor

Thank you in advance for your generous support!

Sincerely,

Tower Foundation of Manhasset
